# What is the Electronic Rollout Sheet?

The Electronic Rollout Sheet is a standalone program accessed via desktop browser or mobile device. Utilizing data from Versatrans Routing & Planning (and optionally Versatrans Onscreen), it provides a way for a dispatcher to monitor which drivers and vehicles are on their way to pick up students. Rollout presents a list of routes that are planned to leave at specific times during the day. A dispatcher can mark that a driver has checked in, or enter substitutions for drivers that have called out sick, as well as vehicles that won't start. Rollout works in real-time to present relevant information that helps a dispatcher get their drivers and vehicles out on the road.

The following tasks can be performed using Rollout:

- *Removing & Substituting a Driver for a Single Route* on page 9.
- *Removing & Substituting a Vehicle for a Single Route* on page 11.
- *Removing & Substituting a Driver for a Single or All Assigned Routes* on page 13.
- *Removing & Substituting a Vehicle for a Single or All Assigned Routes* on page 15.
- *Searching for Routes, Drivers or Vehicles* on page 17.
- *Canceling a Route* on page 20.

## Understanding the Status Icons & Assigning a Status to a Route

Rollout allows you to assign a status to each departing route signifying which routes have left or require attention. Status icons will also alert you when a route is set to leave soon or is late.

To understand the status icons:

**Path:** Direct browser to ERS URL (i.e. <http://yourschool/Tyler.Rollout/>)

- Follow the above path to display the ERS Rollout screen.

Click to assign a status

The screenshot displays the 'Electronic Rollout Sheet' interface. On the left, there are four green tiles showing summary statistics: 'rollout for today' (91), 'needs attention' (9), 'current' (41), and 'needs driver' (9). A red arrow points from the 'needs driver' tile to the 'SA1am' route in the main list. The main list is titled 'Rollout for today 2/26/2014' and contains a table of routes. Each row includes a status icon (green checkmark, red clock, or yellow hourglass), route ID, time, driver name, and vehicle ID. A red arrow points from the text 'Click to assign a status' to the status icon of the 'SMH1am' route. Another red arrow points from the text 'Status Icons' to the status icons of the 'SMH1am' and 'SA1am' routes.

Status Icon	Route ID	Time	Driver	Vehicle ID
✓	SMH1am	9:56 AM	Anderson, Tracey	122
🕒	SBH1am	10:06 AM	Anderson, Tracey	150
✓	SMH2am	10:08 AM	Bohen, Barry	149
✓	SKC1am	10:09 AM	Anderson, Tracey	124
🕒	MH6am	10:19 AM	Anderson, Tracey	113
✓	SMH3am	10:20 AM	Beaulieu, Andy	135
✓	BH4a	10:22 AM	Myott, Fred	111
🕒	BH1a	10:22 AM	* No Driver *	8885512
🕒	SA1am	10:24 AM	Beaulieu, Andy	121

Tiles

Status Icons

## Status Icon Descriptions

**Note:** Status icons are mostly just indicators that a situation may or may not exist.

“OK” - route has been checked in.

“Needs Attention” - Flagged as a problem of some kind.  
Requires action by the user.

“No Status” - route is not due to leave yet and there are no issues.

“Pending” - route has not been checked in and is within a time threshold that the dispatcher should be concerned.

“Late” - route has not been checked in and it is now past the time it should have been out.

“Cancelled” - route has been canceled for the day.

### To change the status of a route:

You can manually assign a status of “OK” or “Needs Attention” using the status panel as described below. You can also manually assign a status of “Cancelled”, see *Searching for Routes, Drivers or Vehicles* on page 17. The status “Pending” and “Late” are system generated.

1. Click a route’s status icon to display the status panel.

← Status Panel

2. Click the desired status to assign it to a route and the status panel closes.
3. Click anywhere outside the status panel to close the panel without assigning a status.

## Understanding the Rollout Tiles

The Rollout tiles may be used by multiple dispatch users at the same time providing the user with up-to-date route information. The “rollout for today” tile is the default view.

**To work with the Rollout tiles:**

**Path:**      **Electronic Rollout Sheet URL**

- Follow the above path to display the Rollout screen.

### Rollout Tile Descriptions

Shows all routes for the current day.

routes that have a rollout status of "needs attention", or requires a driver.

routes that are leaving within the next 2 hours, that are not yet checked in.

routes that are not assigned a driver.

- Click a tile and the information corresponding to that tile is displayed. For example, click on the "needs attention" tile and the routes needing attention display.

Needs attention 2/26/2014		
	SMH2am Bohen, Barry	10:08 AM 149
	MH9am * No Driver *	10:37 AM 2
	KC1p * No Driver *	6:00 PM 128
	BH1p * No Driver *	6:01 PM 8885512

## Removing & Substituting a Driver for a Single Route

To remove & substitute a driver from an assigned route:

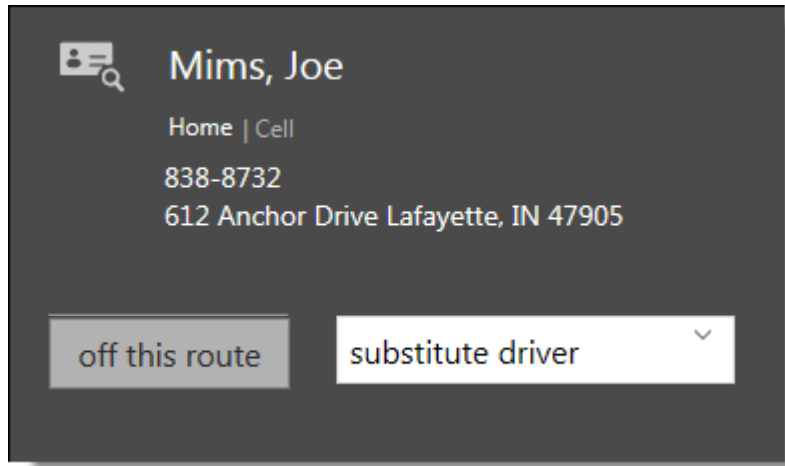

Path: **Electronic Rollout Sheet URL**

1. Follow the above path to display the Rollout screen.

The screenshot displays the 'Electronic Rollout Sheet' interface. On the left, a sidebar shows summary statistics: 'rollout for today' (91), 'needs attention' (9), 'current' (41), and 'needs driver' (9). The main area is titled 'Rollout for today 2/26/2014' and contains a table of routes. A red arrow points to the 'Driver' column, and another red arrow points to the 'Rollout List' column.

Route	Time	Status	Driver	Rollout List
SMH1am	9:56 AM	✓	Anderson, Tracey	Yoakum, Jeff
SBH1am	10:06 AM	⌚	Anderson, Tracey	
SMH2am	10:08 AM	✓	Bohen, Barry	
SKC1am	10:09 AM	✓	Anderson, Tracey	Vineberg, Ted
MH6am	10:19 AM	⌚	Anderson, Tracey	Fielder, Thomas
SMH3am	10:20 AM	✓	Beaulieu, Andy	Marren, Shirley
BH4a	10:22 AM	✓	Myott, Fred	
BH1a	10:22 AM	⌚	* No Driver *	
SA1am	10:24 AM	⌚	Beaulieu, Andy	Bruff, Mike

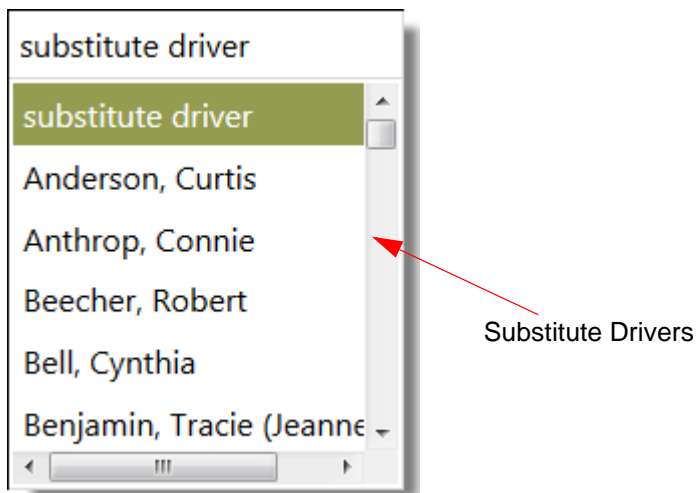

2. Click on a driver's name in the rollout list to display the Driver pop-up dialog.

3. Click **off this route** and the driver is removed from the route.

4. Click **substitute driver** to display the substitute driver drop-down list.

- Click a name for the substitute driver and that driver is assigned to the route.

✓	BH4a	10:22 AM	
	Ahrent, George	111	Myott, Fred

### Removing & Substituting a Vehicle for a Single Route

To remove & substitute a vehicle for a single route:

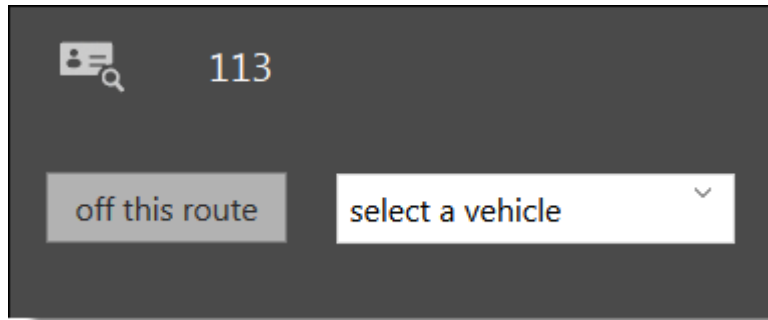

Path: **Electronic Rollout Sheet URL**

- Follow the above path to display the Rollout screen.

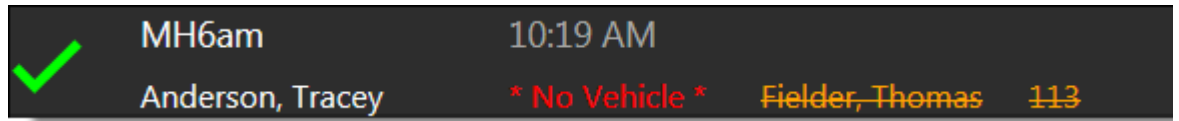

The screenshot shows the 'Electronic Rollout Sheet' interface. On the left, there is a sidebar with statistics: 'rollout for today' (91), 'needs attention' (9), 'current' (41), and 'needs driver' (9). The main area displays a 'Rollout for today 2/26/2014' table. A red box highlights the 'Rollout List' section of the table, which includes routes like SMH1am, SBH1am, SMH2am, SKC1am, MH6am, SMH3am, BH4a, BH1a, and SA1am, along with their respective drivers and vehicle IDs.

Route	Time	Driver	Vehicle ID
SMH1am	9:56 AM	Anderson, Tracey	122
SBH1am	10:06 AM	Anderson, Tracey	150
SMH2am	10:08 AM	Bohen, Barry	149
SKC1am	10:09 AM	Anderson, Tracey	124
MH6am	10:19 AM	Anderson, Tracey	113
SMH3am	10:20 AM	Beaulieu, Andy	135
BH4a	10:22 AM	Myott, Fred	111
BH1a	10:22 AM	* No Driver *	8885512
SA1am	10:24 AM	Beaulieu, Andy	121

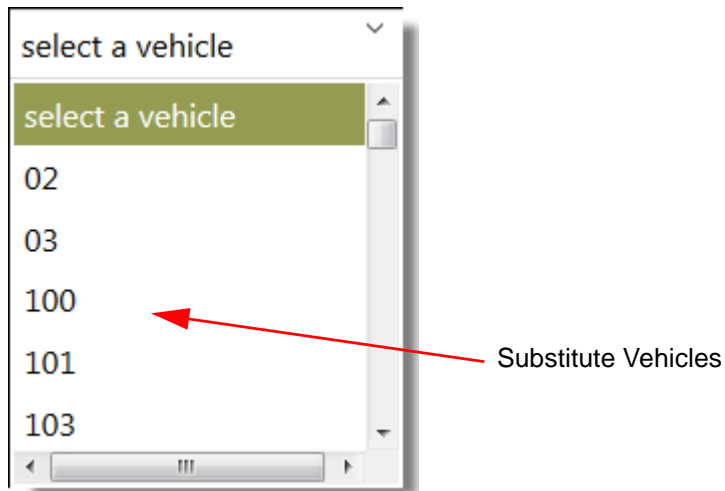

- Click on a vehicle's name in the rollout list to display the Vehicle pop-up dialog.

- Click **off this route** and the vehicle is removed from the route.

- Click **select vehicle** to display the substitute vehicle drop-down list.

- Click a name for the substitute vehicle and that vehicle is assigned to the route.

## Removing & Substituting a Driver for a Single or All Assigned Routes

To remove & substitute a driver for a single or all assigned routes:

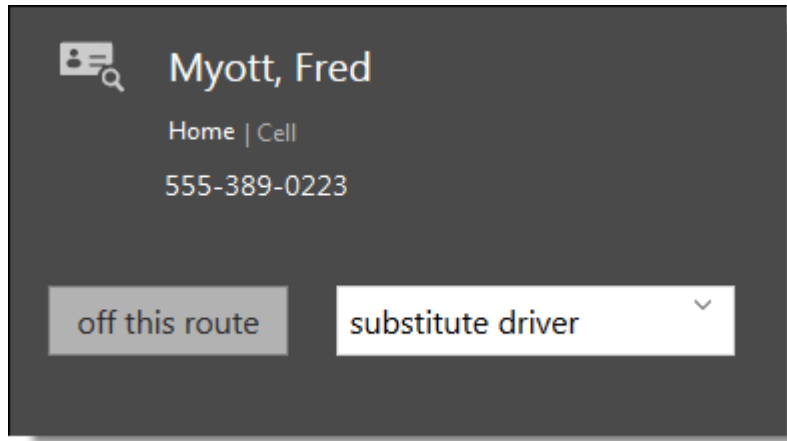

Path: **Electronic Rollout Sheet URL**

1. Follow the above path to display the Rollout screen.

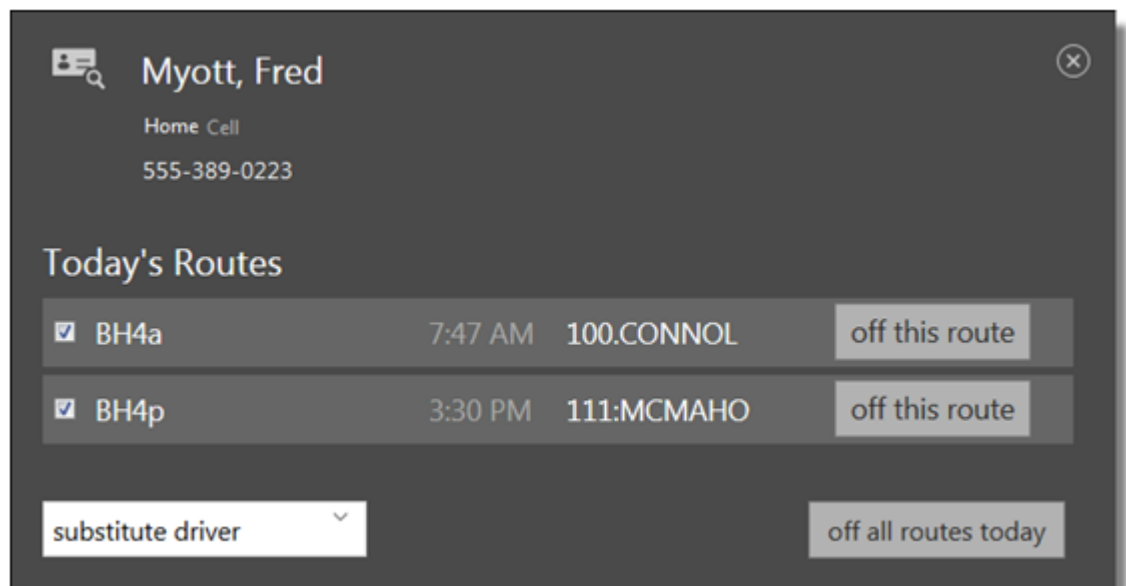

The screenshot shows the 'Electronic Rollout Sheet' interface. On the left, there is a sidebar with statistics: 'rollout for today' (91), 'needs attention' (9), 'current' (41), and 'needs driver' (9). The main area displays a table of routes for '2/26/2014'. A red box highlights the 'Rollout List' section, which includes routes like SMH1am, SBH1am, SMH2am, SKC1am, MH6am, SMH3am, BH4a, BH1a, and SA1am, along with their respective drivers and status icons.

Route	Time	Driver	Status
SMH1am	9:56 AM	Anderson, Tracey	122
SBH1am	10:06 AM	Anderson, Tracey	150
SMH2am	10:08 AM	Bohen, Barry	149
SKC1am	10:09 AM	Anderson, Tracey	124
MH6am	10:19 AM	Anderson, Tracey	113
SMH3am	10:20 AM	Beaulieu, Andy	135
BH4a	10:22 AM	Myott, Fred	111
BH1a	10:22 AM	* No Driver *	8885512
SA1am	10:24 AM	Beaulieu, Andy	121

2. Click on a driver's name in the rollout list to display the Driver pop-up dialog.

3. Click  to display the Driver Search Results dialog containing all of the current days routes that this driver has been assigned to.

4. To substitute the driver on one or more routes, first check the routes to substitute using the checkboxes.
5. Click **Substitute driver** to display the substitute driver drop-down list and click on a substitute driver. The selected driver will be substituted for all the routes that were checked.
6. To remove the driver from "specific" routes, click **off this route** for the desired route and the driver is removed from that route.
7. To remove the driver from "all" assigned routes, click **off all routes** and the driver is removed from all assigned routes.

## Removing & Substituting a Vehicle for a Single or All Assigned Routes

To remove & substitute a vehicle for a single or all assigned routes:

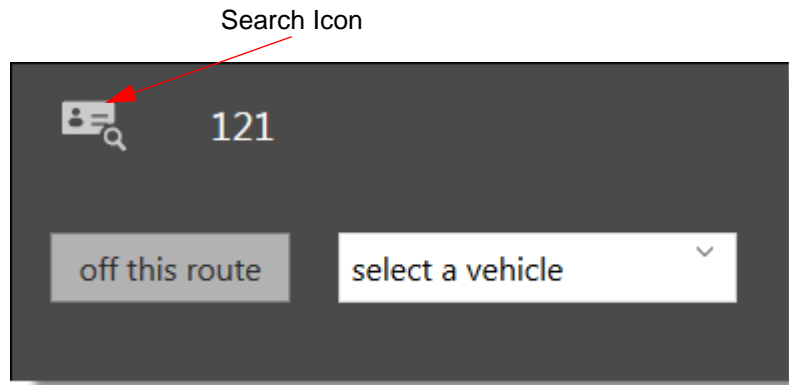

Path: **Electronic Rollout Sheet URL**

1. Follow the above path to display the Rollout screen.

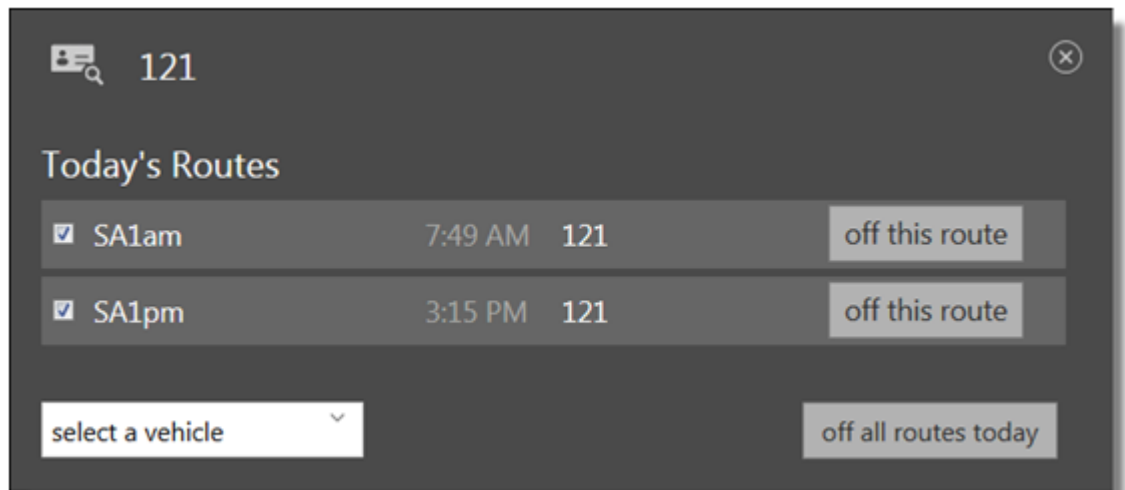

The screenshot displays the 'Electronic Rollout Sheet' interface. On the left, a sidebar shows summary statistics: 'rollout for today' (91), 'needs attention' (9), 'current' (41), and 'needs driver' (9). The main area is titled 'Rollout for today 2/26/2014' and contains a table of routes. Each row includes a status icon (green checkmark, red clock, or yellow hourglass), route ID, time, vehicle ID, and driver name. A red arrow points from the text 'Rollout List' to the table.

Status	Route	Time	Vehicle ID	Driver
✓	SMH1am	9:56 AM	122	Yoakum, Jeff
🕒	SBH1am	10:06 AM	150	
✓	SMH2am	10:08 AM	149	
✓	SKC1am	10:09 AM	124	Vineberg, Ted
🕒	MH6am	10:19 AM	113	Fielder, Thomas
✓	SMH3am	10:20 AM	135	Marren, Shirley
✓	BH4a	10:22 AM	111	
🕒	BH1a	10:22 AM	8885512	* No Driver *
🕒	SA1am	10:24 AM	121	Bruff, Mike

2. Click on a vehicle's name in the rollout list to display the Vehicle pop-up dialog.

3. Click  to display the Driver Search Results dialog containing all of the current days routes that this vehicle has been assigned to.

4. To substitute the vehicle on one or more routes, first check the routes to substitute using the checkboxes.
5. Click **Select a vehicle** to display the substitute driver drop-down list and click on a substitute vehicle. The selected vehicle will be substituted for all the routes that were checked.
6. To remove the driver from "specific" routes, click **off this route** for the desired route and the vehicle is removed from that route.
7. To remove the driver from "all" assigned routes, click **off all routes** and the vehicle is removed from all assigned routes.

## Searching for Routes, Drivers or Vehicles

You can search for specific routes, drivers or vehicles by typing search strings into the Search Box at the top left of the screen. You must type 3 characters to initiate a search. Each result type route, Driver, or Vehicle) is displayed in italics under the search criteria.

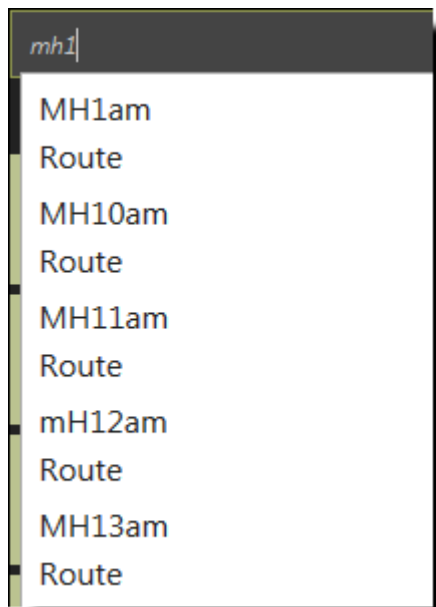

### To search for routes drivers or vehicles:

#### Path: **Electronic Rollout Sheet URL**

1. Follow the above path to display the Rollout screen. The Search Box is in the upper right corner of the screen.

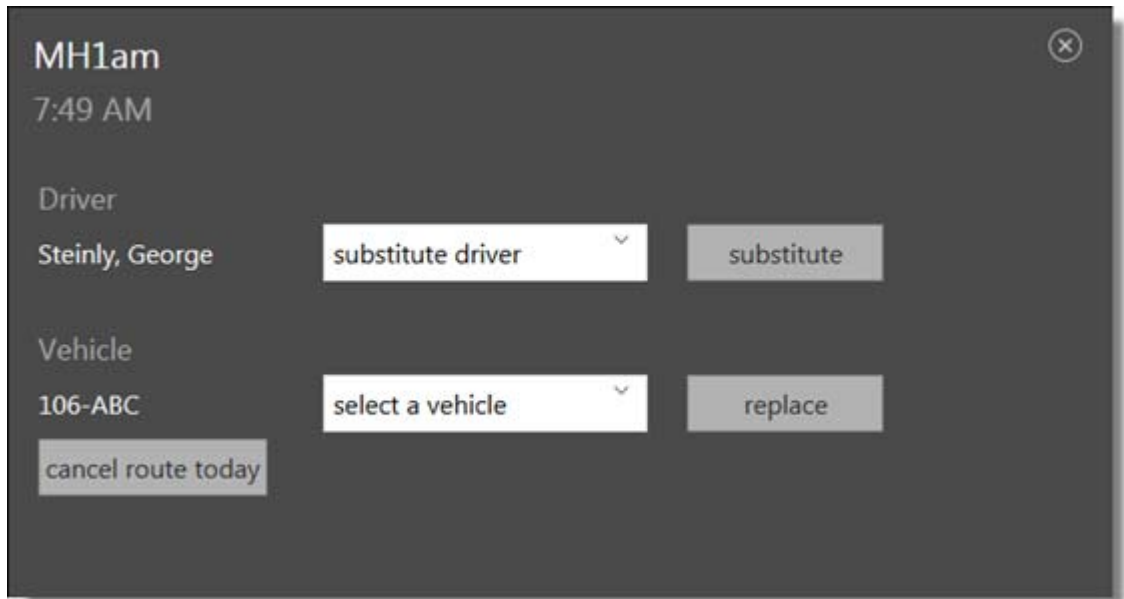

2. Enter the desired search criteria, (i.e., routes, drivers or vehicles) and a list of results matching the criteria is displayed. In the following example, the search criteria entered returned a list of routes.

3. Depending on the search criteria entered, (route, driver or vehicle) when you select one of the results, either the Route dialog, Driver dialog or Vehicle dialog will display allowing you to perform certain associated tasks as follows:

### Route Dialog

The route dialog allows you to substitute a driver, replace a vehicle and cancel the route. For more information, see:

- *Removing & Substituting a Driver for a Single Route* on page 9.
- *Removing & Substituting a Vehicle for a Single Route* on page 11.

- *Canceling a Route* on page 20.

## Driver Dialog

Steinly, George

Today's Routes

<input checked="" type="checkbox"/>	MH1am	7:49 AM	106-ABC	off this route
<input checked="" type="checkbox"/>	MH1pm	3:32 PM	106-ABC	off this route

substitute driver

off all routes today

The Driver dialog allows you to substitute the driver on one or more routes, remove the driver from “specific” routes, remove the driver from “all” assigned routes. For more information, see:

- *Removing & Substituting a Driver for a Single or All Assigned Routes* on page 13.

## Vehicle Dialog

106-ABC

Today's Routes

<input checked="" type="checkbox"/>	MH1pm	3:32 PM	106-ABC	off this route

select a vehicle

off all routes today

The Vehicle dialog allows you to substitute the vehicle on one or more routes, remove the driver from “specific” routes or remove the driver from “all” assigned routes. For more information, see, *Removing & Substituting a Vehicle for a Single or All Assigned Routes* on page 15.

## Canceling a Route

To cancel a route:

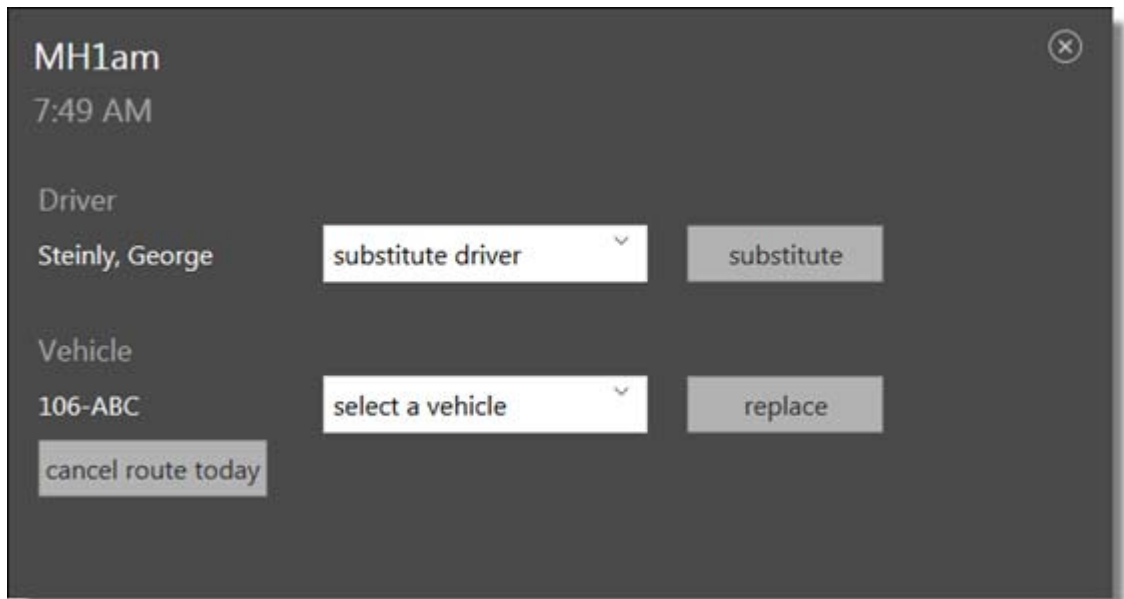

Path: **Electronic Rollout Sheet URL**

1. Follow the above path to display the Rollout screen.

The screenshot displays the 'Electronic Rollout Sheet' interface. On the left, a sidebar shows summary statistics: 'rollout for today' (91), 'needs attention' (9), 'current' (41), and 'needs driver' (9). The main area is titled 'Rollout for today 2/26/2014' and lists various routes with their status, driver names, and phone numbers. A red arrow points to the 'SMH1am' route at 9:56 AM, which is labeled 'route'.

Route	Status	Driver	Phone	Time
SMH1am	✓	Anderson, Tracey	122	9:56 AM
SBH1am	⌚	Anderson, Tracey	150	10:06 AM
SMH2am	✓	Bohen, Barry	149	10:08 AM
SKC1am	✓	Anderson, Tracey	124	10:09 AM
MH6am	⌚	Anderson, Tracey	113	10:19 AM
SMH3am	✓	Beaulieu, Andy	135	10:20 AM
BH4a	✓	Myott, Fred	111	10:22 AM
BH1a	⌚	* No Driver *	8885512	10:22 AM
SA1am	⌚	Beaulieu, Andy	121	10:24 AM

2. Click on a route to display the route dialog.

3. Click **cancel route today** and the route status displays as cancelled.
